

## Monday Annual General Meeting

The Poplar and Willow Council of Canada ([www.poplar.ca](http://www.poplar.ca)) is a sponsor of the CFGA/WFGA conference. It is pleased to conduct its Annual General Meeting at 1-3 pm on Monday, July 10, in the Thompson Room of the Prestige Vernon Lodge and Conference Centre. You may attend the AGM if you are interested in joining the PWCC.

## Monday Afternoon Tour

There will be a tour right after the AGM that will be led by David Derbowka ([passiveremediationsystems.com](http://passiveremediationsystems.com)) of the municipal water treatment facility at Armstrong where a poplar plantation has been irrigated by municipal waste water for years. The tour will leave the conference centre and return before dinner. The distance to the site is less than 20 km.

David would appreciate knowing who would join him. If you would like to, please contact him directly at [david.derbowkapsri@gmail.com](mailto:david.derbowkapsri@gmail.com)

## Visit Mike Carlson Park

The conference's Tuesday evening banquet will be at the Vernon Seed Orchard - right across the road from Mike Carlson Park. This site contains many poplar clones studied by the late Mike Carlson ([www.poplar.ca/article/mike-carlson-19442017-1197.asp](http://www.poplar.ca/article/mike-carlson-19442017-1197.asp)). As time allows, please visit this site on your own on Tuesday evening or otherwise, during the conference.
